Class Descriptions

Turnout, Reinsmanship, Working Pleasure—In each of the “arena” or “rail” classes, the horse and driver work both directions of the arena at a walk, slow trot, working trot, and strong trot, and are required to rein back. ADS Rulebook, Chapter 4, Article 217-222.

Turnout is judged primarily on the overall impression of horse and driver: condition, fit and appropriateness of harness and vehicle, neatness and appropriateness of attire. **Reinsmanship** is judged primarily on the skill and ability of the driver. **Working Pleasure** is judged primarily on the suitability of the horse to provide a pleasant drive.

Pick Your Route—After passing the starting line, the driver proceeds through each obstacle to the designated finish line, choosing his or her own route. Each obstacle is negotiated once and only once, but may be approached from either direction. Course faults are scored as penalty seconds and are added to the driver's elapsed time. Placings are determined on a low total time basis. For additional information, see the ADS Rulebook, Chapter 17, Article 248.

Gamblers Choice—Driven over a course of unnumbered obstacles, each with a specific point value. Each driver has the same amount of time to negotiate as many obstacles as possible. Each obstacle can be driven twice but not in succession. No obstacle can be re-driven once it has been disturbed unless it is meant to be knocked down. A signal will sound at the end of the time and the driver must then exit through the finish markers. If the signal sounds when the driver is committed to an obstacle, the competitor may complete the obstacle and then proceed to the finish marker for total time to be recorded. ADS Rulebook Chapter 17, Article 249.

Carriage Dog—Judged primarily on suitability of the dog to serve as a companion (maximum one dog per vehicle). To be judged both ways in the arena at a walk, slow trot and working trot. a. The dog should be standing, lying down or seated on the vehicle. b. The dog must be under control at all times. c. The dog must not be led on the ground from the vehicle or be restrained by being tied to the vehicle, driver or passenger. d. The driver should not hold the dog, and the dog should not interfere with the driver in any way. 231.2 The dog may be of any breed. 231.3 To be judged • 60% on the suitability of the dog to serve as a companion. • 30% on the performance, manners and way of going of the horse(s) • 10% on the overall impression of the turnout, including the dog. • Entries with a dog clearly not under control may be eliminated. ADS Rulebook, Chapter 6, Article 231

Timed Obstacles—Driven over course consisting of up to 20 paired cones. After crossing the starting line, the driver proceeds through the cones in numerical order to the finish line. For additional information, see the ADS Rulebook, Chapter 7, Article 247.

CrossCountry Pace: To be driven at a prescribed pace (Horse—14kph; Large Pony 12 kph; Small Pony 11 kph and VSE 9 kph). Course will be approximately 2-3 km in length and will go through wooded areas, over a bridge and on some concrete road areas and numbered gates. Placings are determined on a low course fault basis and then the horse closest to the ideal pace time if the drivers are tied with equal number of faults. Faults include disobedience of horse to go through an obstacle or gate. A map of the country pace course will be available at check-in along with a more detailed list of course penalties. House Rules will be handed out at drivers meeting.

Training level CT: Will consist of Dressage and Cones: Open to a horse that has not completed more than one recognized Combined Driving Event (CDE) or Driving Trial (DT) above the Training division, driven by a driver of any level of competitive experience, or open to a driver who has not completed more than one recognized CDE or DT above the Training division, with a horse of any level of competitive experience. The purpose of training tests is to establish that the correct foundation is being laid for the training of the driving horse requiring the horse to move freely forward in a free walk on long rein and the working trot, in rhythm while accepting the bit with relaxation, through transitions and 40m circles. Cones will follow immediately after an individual dressage test and is designed to test the fitness, obedience and suppleness of the horses and the skill and competence of the Athletes. Training level B, 80m will be used for the dressage test.
